Q4
How likely is it that you would recommend Teaching Lab professional learning to a friend or colleague?**Extremely likely - 10 (Promoter)**

Q5**Somewhat interested**

How interested are you in continuing to receive professional learning from Teaching Lab next year?

Q6

What went well about your partnership with Teaching Lab this year?

Hanady was so responsive to our needs. We had several barriers to overcome and she was quick to respond to us and had tremendous follow through. She worked with us to navigate logistical challenges but also to modify the PD sessions to meet the needs of our staff.

Q7

What could have been improved about your partnership with Teaching Lab this year?

We ran 4 different groups and some facilitators did a better job reviewing the notes from Hanady than others. For example, we use Eureka but supplement with Zearn and some facilitators still asked participants what they use which made them feel like they were not aware of what our district teaches.

Q8

Do you have any additional feedback about Teaching Lab's professional learning this year?

It would be great to partner with other district in MA that also use Eureka and offer some future sessions. Unfortunately, we're rolling out new literacy curriculum so time and funding for PD is limited.

Q9**No**
